The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance:

We need more garage space and it would be difficult to build the sock building in question and also stay within the 100 foot setback required.

List type of variance requested: wave the current rear set back of 100 feet so we can build a two car garage on our property, the building would be approximately 1,000 square feet in order to ~~have~~ have room for my hobby of fixing up tractors and my '56 Chevy. In addition we are requesting

Revised: 03-23-2016

That our minimum road frontage of 75' be waived due to our property having an basement over neighbors land out to main outside road
